

**variset VZ range**  
 single width island with hangers  
 and shelf. can also be used against  
 hollow or partitioned walls

# VZ13

PLAN

shelves are produced from sustainable european white beech slats 32 x 75mm and finished with a clear acid-catalysed lacquer. timber slats are trimmed on site to the exact length to fit the desired space. aluminium shelving slats are available for the toughest of environments or where a high level of humidity is present.

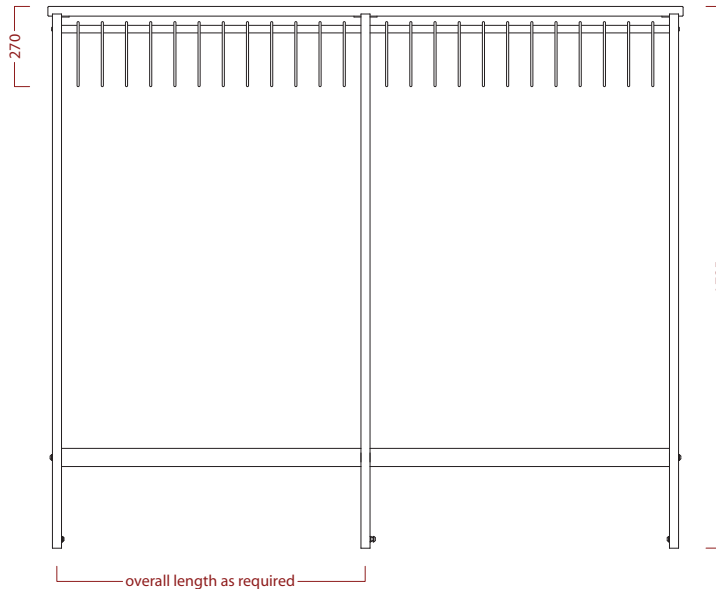

6mm plastic coated steel rod hangers

the finish of the range is powder coated in colour combinations from the full RAL range

framework is made from hollow section heavy gauge steel tube and is a fully welded assembly
